(Flow Control People)

WHO WE ARE

Steelmax Valves and Automation Provides wide range of Metal Sealed Ball Valves, Double block and bleed Valves, actuators by Implementing a Robust Quality System Compliant to ISO 9001-2015 our product are Fully Integrated and Cater to wide application like Oil & Gas, Chemical Process, Pharmaceutical, Food & Beverage and Other Industrial Markets.

Ball Valves

Series M.F. 2

Floating Ball valve

½" To 3"(DN 15 TO DN 80)

Class 150 To Class 600 In Full and Reduce Bore in Two piece body

Seat Type-Metal/Soft Seated

Series T.M. 3

Trunnion Mounted ball valve

2" To 12"(DN 50 TO DN 300)

Class 150 To Class 1500 In Full and Reduce Bore in Three piece body

Seat Type-Metal/Soft Seated

Series T.M. 2

Trunnion Mounted ball valve

2" To 12"(DN 50 TO DN 300)

Class 150 To Class 1500 In Full and Reduce Bore in Two piece body

Seat Type-Metal/Soft Seated

Ball Valves

Series T.B. 2

Seat Type-Metal/Soft Seated
Double Block & Bleed
Trunnion Mounted ball valve
½" To 6"(DN 15 TO DN 150)
Class 150 To Class 2500
In Full and Reduce Bore
in Three piece body

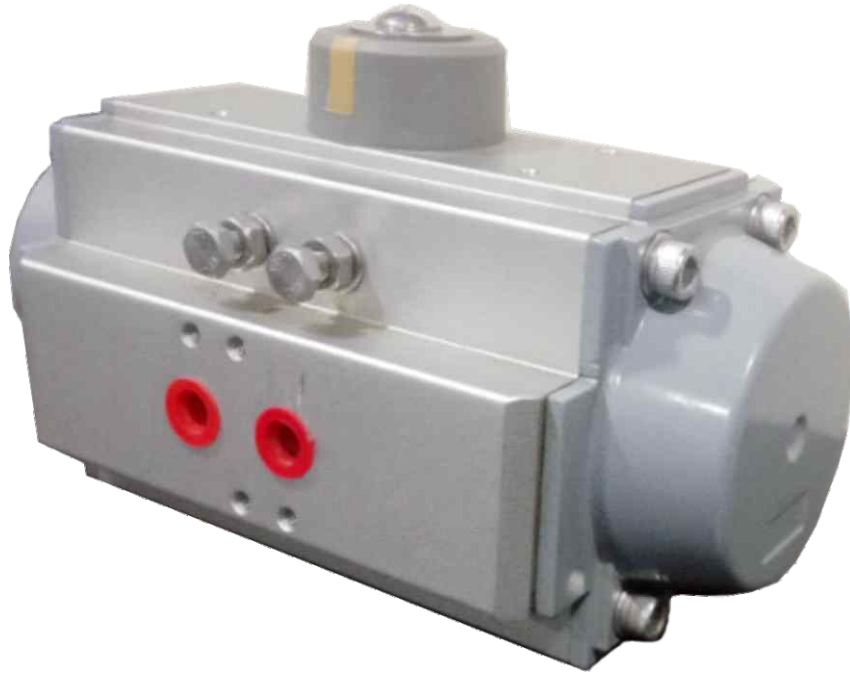

Series D.B. 2

Double Block & Bleed Floating
Ball Valves
½" To 6"(DN 15 TO DN 150)
Class 150 To Class 300
In Full and Reduce Bore
in Three piece body
Seat Type-Metal/Soft Seated

Series Miscellaneous Valves

Three Way ,L-Port,120
Degree ball valve
Jacketed Ball valve,
Flush Bottom Ball valve,

Series 107
Pneumatic Rack & Pinion

Series 108
Heavy Duty Scotch-Yoke Actuator
